RESEARCH EXPERIENCE

- Researcher** Apr. 2024 – Present
Research for the Regulatory Advancement of Innovative Biologics in Oncology
Ewha Womans University *Funding: Ministry of Food and Drug Safety*
- SR, survey [O.2, P.3]. Supervised by Jihyung Hong and [Seungjin Bae](#).
 - Evaluated the effects of data maturity on decision model performance and investigated the minimum level of data maturity required for reliable long-term predictions using colorectal cancer as a case study [J.1, P.4]. Supervised by Gyeongseon Shin and [Seungjin Bae](#).

- Evaluated associations between surrogate endpoints and overall survival in oncology biologics using national cancer registry data [O.2, P.3]. Supervised by Gyeongseon Shin and [Seungjin Bae](#).

Research Assistant

June 2025 – Feb. 2026

Development of Vaccine Economic Evaluation Guidelines for the National Immunization Program

Ewha Womans University

Funding: Korea Disease Control and Prevention Agency

- Compared vaccine economic evaluation frameworks across eight countries to assess methodological differences relevant to Korean guideline development.
- Contributed to drafting the sections on model construction and validation [R.1]. Supervised by [Seungjin Bae](#).

Researcher

Mar. 2024 – Feb. 2026

Health Economics and Outcomes Research on Atypical Hemolytic Uremic Syndrome (aHUS)

Ewha Womans University

Funding: AstraZeneca

- Investigated the influence of Korea's pre-approval reimbursement policy on treatment initiation and health outcomes
- Investigated End-Stage Renal Disease (ESRD)-free survival, overall survival, healthcare utilization, and costs using a national claims database [J.2]. Supervised by [Seungjin Bae](#).

Researcher

Mar. 2024 – Nov. 2024

Research on Improving Korea's Overseas Drug Safety Monitoring Systems

Ewha Womans University

Funding: Ministry of Food and Drug Safety

- Synthesized a literature review of post-marketing surveillance systems across ten countries [R.2, P.5].
- Supervised by [Seungjin Bae](#).

Research Intern

June 2023 – Oct. 2023

July 2021 – July 2022

Ewha Womans University

- Worked on developing a mouse model of ALD/MASLD-associated liver cancer.
- Investigated the role of CXCL1 and neutrophil infiltration in drug-induced hepatotoxicity [O.3, P.8].
- Published paper [J.3] under the supervision of [Wonhyo Seo](#).

CONFERENCE PRESENTATIONS

Oral Presentations

* Authors with equal contribution

O.1 **Sim J**, Choi G, Shin G, Bae S. Impact of data immaturity on colon cancer economic modeling. **2025 Fall International Convention of The Pharmaceutical Society of Korea**. Oct. 2025, Seoul, Republic of Korea.

O.2 **Sim J***, Kim M*, Shin G. Evaluation of the Effectiveness of Biologic Anti-cancer Drugs Using Real-World Data: A Validation Study on Predicting Survival Rates Based on Intermediate Endpoints. **The 2nd K-CURE Public Cancer Library Competition**. Oct. 2024, Seoul, Republic of Korea.

O.3 **Sim J**, Kim S, Seo W. The Role of CXCL1 and Neutrophil Infiltration in Drug-Induced Hepatotoxicity. **2023 Fall International Convention of PSK**. Oct. 2023, Suncheon, Republic of Korea.

Poster Presentations

P.1 **Sim J** and Bae S. Head-to-head comparisons of QLU-C10D with EQ-5D/SF-6D in oncology: A systematic review of distributional characteristics and measurement properties. **ISPOR Europe 2026**. Nov. 2026, Vienna, Austria.

P.2 Park J*, Chae H*, **Sim J***. Not yet decided. **Korean Society of Epidemiology**. Sep. 2026, Seoul, Republic of Korea.

Application of AHP to Derive Criteria for Selecting Overseas Safety Information Reference Countries. **The 2024 Fall Conference of The Korean Society of Food, Drug and Cosmetics Regulatory Sciences**. Dec. 2024, Seoul, Republic of Korea.
- P.6 Song Y, Choi E, Han H, **Sim J**, Kim YH, Shin G, Han E, Bae S. No Demand-Side Policies, No Expenditure Savings. **ISPOR Europe 2024**. Nov. 2024, Barcelona, Spain.
- P.7 Kim M, **Sim J**, Song Y, Bae S. Recent Review of Population-based Cancer Registries in the US, Europe, and Korea. **The 16th Asian Conference on Pharmacoepidemiology (ACPE 2024)**. Oct. 2024, Tokyo, Japan.
- P.8 **Sim J***, Kim S*, Seo W. The Role of CXCL1 and Neutrophil Infiltration in Drug-Induced Hepatotoxicity. **The 2023 EWha College of Pharmacy Research Conference**. Oct. 2023, Seoul, Republic of Korea.

AWARDS & HONOURS

2026 – Juhong Scholarship

2026 – Ph.D. Admission Scholarship for Academic Excellence (Full tuition for two years)

2024 – M.S. Admission Scholarship for Academic Excellence (Full tuition for two years)

2024 – Excellence in Research Award, The 2nd K-CURE Public Cancer Library Competition, The Korea Health Information Service

- *Title: Evaluation of the Effectiveness of Biologic Anti-cancer Drugs Using Real-World Data: A Validation Study on Predicting Survival Rates Based on Intermediate Endpoints*

2024 – Best Graduating Student Award, The Korean Pharmaceutical Association

2023 – College of Pharmacy Undergraduate Research Award

2023 – Runner-up Prize, Outstanding Undergraduate Student Award, 2023 Fall International Convention of PSK, The Pharmaceutical Society of Korea

- *Title: The Role of CXCL1 and Neutrophil Infiltration in Drug-Induced Hepatotoxicity*

2023 – Moonbong Scholarship, Moonbong Scholarship Foundation (Full tuition for one year)

2022 – Dean's Honour List (Full tuition, top 1.5% of class by GPA)

2022 – Malye Yoon Scholarship

2022 – College of Pharmacy Alumni Association Scholarship

2021 – Drs. Hai Won Chang & Soon Man Rhim Scholarship

2021 – Margaret Okhi Park Choun Scholarship

2020–2022 – Dean's Honour List (Half tuition for four semesters, top 5% of class by GPA)
